Dismiss old modal at
start of view and show
new modal when user
stops I have a modal on
my view. `$(function() {
var modal =
'#myModal';
$('#overlay').hide();`

```
$(modal).show(); });
```

When user clicks on any of the links, the modal pops up. I want to get rid of this modal when user clicks on any other link in my view. How do I do that? A:

```
$(function() {  
  $('a').on('click',  
    function(e) { if  
      (!$(e.target).is(modal))
```

{ \$(modal).hide(); } });
}); There should be a
single listener for all a
tags. $= (a + 0.2)^2 +$
 $0.01 (\text{Math.pow}(a + 0.2,$
 $2) + 0.01) / (a + 0.2) =$
 $(a + 0.2)^2 + 0.0001 =$
 $(a + 0.2)^2 + 0.000001$
Another way is to split
into two parts.
