CaptureOne Free version is limited to 5 minutes per video. The free edition of Photoshop is limited to a 99-day month-to-month subscription. The subscription allows saving up to the original size. There are many monthly, yearly, and lifetime versions you can go for. The professional version allows you to save up to the size you want and allows you to edit each and every layer. Some of other features include using the new raw camera formats, converting all the color, taking advantage of capture one, smoothing, capturing focus, and much more. There are three versions for Photoshop Elements, Adobe Photoshop Lightroom, Photoshop CS, Photoshop CS3, Photoshop CS4, Photoshop CS5 and Photoshop CS6.
